EAGLE LAKE, ONTARIO • www.finandfeather.com

Welcome to Fin and Feather Hunting and Fishing Resort on Eagle Lake in Ontario Canada. Our family looks forward to helping you enjoy your fishing and hunting experience with us. Take pleasure in the best outdoor adventure Canada has to offer. We are located on the river leading out of the main lake, and from this well sheltered location you will be able to fish the entire lake or spend a day fishing the river for Musky, Northern or Walleye. Eagle Lake is eighty miles from one end to the other and has over four hundred miles of shoreline with many islands and coves to venture into and find almost every species of fish you will be looking for.

Our family looks forward to making your vacation an enjoyable one. We will do our best to help you find the hunting or fishing experience that will fill your winter months with memories until you can come and visit us again.

Fishing You can enjoy some of the best Walleye and Northern fishing Canada has to offer to make your shore lunch a memory you will be able to relive over and over. If you are looking for the pure enjoyment of catch and release with the excitement of a very frantic fight, then small mouth bass and Musky will be what you will be looking for.

Hunting If hunting is your passion there are miles of trails to explore and hunt for the very delicious ruffed grouse or head out onto the river outside your door for ducks and geese. When the weather starts to cool down and the leaves are beginning to fall the white tail deer hunt becomes the obsession of many, and there are very few places you will find numbers and trophy bucks like our little corner of outdoor paradise.

About Us We offer a package to fit almost every request from cabin specials with your boat to a fully guided trip, with delicious home cooked meals, in our boats. We have a fully licenced lounge and dining room, you can add meals daily if you are too tired to cook after a great day catching fish or spending time in the bush.

The Resort offers cabins that can accommodate from two to twelve guests with docking facilities including a fish cleaning house and gas at the dock. In the main lodge there are six suites and of course our lounge and dining room where you can meet the other guests and find out how their day has gone over a cocktail or basket of wings. If you need to be in contact with home or work we also have wireless internet throughout the main lodge as well as a selection of movies for the kids or a video game area.
